

EVGS Single-phase stationary safety isolating transformer for swimming-pool spot lights

VDE 0570 DIN EN 61558-2-6

maximum ambient temperature 40°C, insulation class E, encapsulat- ed-windings, insulating enclosure, protection system IP 65, protection class II, seperated windings, terminal connection space with cable prescrewtion, protection against short-circuit and overloading via primary equipped fuse and temperature-switch, frequency 50-60 Hz

Rated supply voltage:	230 V
Rated output voltage:	12 V
Stock item:	yes
